

## **EPIC Long Island Welcomes New Board Member David S. Greenhaus**

---

**GARDEN CITY, NY**, July 11, 2013 — EPIC Long Island (formerly the Epilepsy Foundation of Long Island) welcomes David S. Greenhaus as a new member of its Board of Directors. Mr. Greenhaus is a Partner in the Long Island, New York office of Jackson Lewis LLP where he concentrates his practice on employment litigation, defending employers in federal and state courts, and before administrative agencies and arbitration panels in litigation related to employment discrimination, retaliation, wrongful discharge, whistleblower, wage-hour and related tort and contract claims.

A graduate of the University of Florida at Gainesville (B.A. 1995) and the Hofstra University School of Law (J.D. 1998), Mr. Greenhaus also litigates claims for breach of noncompetition agreements, theft of trade secrets and breach of fiduciary duties. His practice includes drafting and counseling employers with respect to individual employment agreements, restrictive covenants and related agreements.

“We are very pleased to welcome David Greenhaus to our family,” said Executive Director Thomas M. Hopkins. “His deep roots into the community and will be a great asset to EPIC LI and the individuals we serve.”

EPIC Long Island provides many services to people with epilepsy, developmental disabilities and mental illness. EPIC offers a Day Habilitation program; operates residential programs across Nassau and Suffolk counties; a Community Services program that provides Medicaid Service Coordination, Respite, and Residential Habilitation; and clinics that provide comprehensive services to persons with epilepsy, developmental disabilities, and mental illnesses. In addition, through its Community Education and Outreach Programs, the EPIC LI is committed to educating the public, teachers, health care professionals, and businesses about epilepsy; and serves as an advocate for those with epilepsy. All of its programs are designed to help people reach their full potential and enhance their sense of self-esteem.

**About EPIC Long Island**

EPIC Long Island began in 1953 with a small group of parents whose mission was to help children with epilepsy lead productive lives. Sixty years later, the organization has fulfilled that promise, with 15 residences, two clinics, dozens of programs, and more than 11,000 individuals served. Today, EPIC LI looks toward a bright future as it broadens its mission to offer more social and health services across Long Island.

EPIC LI has grown to serve not only individuals with epilepsy, but also those with developmental disabilities and mental health challenges. While epilepsy is at its core, the organization offers a spectrum of superior services that also serves individuals and families with different needs. EPIC Long Island's mission is to enrich the lives of those they serve through quality care, a broad range of services and an unwavering commitment to excellence.
